### OFF FOR SEAT OF WAR.

Company A, 2d Regiment, Kentucky National Guards, Capt. F. L. Gordon, commanding, left on the 5:45 L. & N. train on Monday morning for West Point to go in the camp of instruction under Major General John C. Bates, U. S. Army. There were fifty men who reported for duty.

Company E, same Regiment, Capt. W. A. Lutkemeier commanding, left on Thursday, at 12:30 on a special train for the same point. There were 60 men in line.

### BAD ACCIDENT.

We have just learned of the particulars of a sad accident to a bright lad, a son of Mr. John Siler, who lives beyond the Forks of Elkhorn, on Wednesday of last week.

It seems that the lad was loading some rock on a wagon when he fell off and broke his back and three ribs.

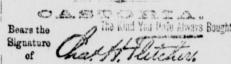

Surgical attention was at once rendered, but the chances are desparately against the lad's recovery.

### A THOUGHTFUL MAN.

M. M. Austin, of Winchester, Ind., killed himself in the hotel where he had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25¢ at all drugists.

### NARROW ESCAPE.

On Sunday morning, Judge J. H. Hazlewood attempted to apply a solution of pasteurine to a sore tooth, as he supposed, but, by mistake, got hold of the wrong bottle, on the washstand, and took some ammonium instead. Of course the result was disastrous, and now the Judge is having a season of enforced return to liquid food and can't argue cases in the court very fluently.

### DANGEROUS PRESENT.

Deputy Jailer Kirby was the recipient of a pretty but rather dangerous present, on Monday. A moonshiner, from Rowan county (who had served out his term), sent Mr. Kirby a rattlesnake, a diamond back, with four rattles and a button, indicating that it was five years of age.

### BEAUTIFUL COMPLEXIONS.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion. 50¢ at Paul B. Weitzel's.

### SPECIAL ELECTION.

The Governor has called a special election to fill the vacancy in Congress, from the Eleventh District. The election will take place on Tuesday, Nov. 10th, just one week after the regular election. It strikes an outsider as a waste of money and time. It should have been called for the regular time, as it has been done heretofore.

There is nothing so important in facing severe cold weather as a well organized digestive force. When the stomach properly digests nutriment, it creates new, rich blood and fortifies the weak digestive organs, restores the appetite, builds and tones up the entire system.

Walther's Peptonized Port, to be found at all drug stores, is an ideal combination of pure, rich port and the most palatable peptonized food. It strengthens the weak digestive organs, restores the appetite, builds and tones up the entire system.

For invalids, convalescents and worn out people, there is nothing so beneficial as Walther's Peptonized Port.

#### DECLINES.

We are requested to say that Mr. Lou Harrod positively declines the nomination for Constable in this magisterial district as tendered him by the Republican Convention. He says he cannot afford to hold the office.

#### IN MEMORY.

Maud Gertrude Dennis, the little daughter of Mr. and Mrs. G. L. Dennis, died Sept. 26th, aged seven years, four months and three days.

She has gone to meet her savior. In that bright world above, Where she can sing and praise the one.

That took her home to love, And seeing it we understand The child's rapt look and eager hand,  
As on the death bed she lies, And for the last time closed her eyes.

She was 7 years, 4 months, 3 days old.

When the Angel's took her home, Where she can live for evermore, Around that great white throne.

Dear father, mother and sister, Don't grieve for the precious child, For she is now safe at home In that beautiful home on High— She is now with Jesus.

### ONLY A VERY FEW PUBLISHED.

It is not possible for the proprietors to publish more than a very few of the numerous letters received in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy and telling of its remarkable cures. This comes from people in every walk of life and from every State in the Union. The following from Mr. T. W. Greathouse, of Prattburg, Ga., speaks for itself: "I would have been dead now but for your Remedy. I suffered from Colic and Diarrhoea Remedy. It cured me of chronic diarrhoea after seven years of suffering. I can never say too much in praise of that remedy. For sale by all drug-gists."

Katherine Goodrich in Wilbur Opera Company.

### THE ORIGINAL WILBUR OPERA COMPANY.

On next Monday evening, October 5, the famous Wilbur Opera Company opens an engagement at the Capital Theatre of four nights and three matinees. The Wilbur Opera Company this season is larger and has a better cast of principals than it ever brought to this city. Such names as Gus Vaughn, Chas. Vaughn, W. A. McGrath, Charley VanDyne and the Misses Richardson, Langdon, Hunt and Wisdom as principals, are familiar to lovers of comic opera in every city. The chorus this season is composed of pretty and shapely girls, who can sing. A pleasing feature of the Wilbur's performance is that no waits occur between the acts. As soon as the curtain drops on the different acts of the opera, the vaudeville artists claim attention. As a special feature in this line, Miss Ethel Hunt, the Austrian beauty, has been engaged, and does a novel pleasing act. Mr. Harry Hoffman, the musical director, has composed a new march, which is led by Miss Hunt, who is assisted by the chorus with new costumes and pretty light effects, which make it a dazzling novelty. Every thing is new this season but the prices, which are on the popular scale. 10, 20, 30 and 50c.

### VIOLIN AND VOICE.

### AMUSEMENTS.

The new "Railroad Jack" Company, which is to appear at Capital Theatre Saturday matinee and night augurs well for the management of the fortunate house which secured this attraction. All the eastern cities have laughed themselves sick over the adventures of "Jack Raffles," the humorous tramp. It has been well tried and proven to be a useful subject to divert its author, and at the same time give the public who have been lucky enough to see it, an unlimited value for the money they expend to sit it through. The fact is they could not be satisfied to see a portion of the story told, but wanted the satire and all the elements that combine to make an amusing connected story, that to miss a portion of it is an aggravation. This season manager Kaufman has selected the "Railroad Jack" for "Railroad Jack" with the utmost care. Each artist has been engaged for his or her well known ability and each one selected to portray the various characters allotted to them. The scenes are divided by a bit until the denouement. The climax of every act a side-splitter and the roars of laughter are spontaneous and full of comic situations. This year the management promises a treat. All the specialties are new, and the scenes are well contrived, with mechanical effects and music in every form sufficient in number to please the most fastidious taste, and excellent in quality to satisfy the most exacting. The most sensational scene on the American stage takes place during the last act. The lady is thrown into a cage with a large and ferocious lion and rescued from under his very paws by the tramp in full view of the audience. During the largest and most popular part of the program, the tramp will be drawn through the principal streets of this city Saturday at 12 o'clock. Prices 20, 35 and 50 at night. Matinee 10 and 20 cents.

Pleasant to take.

## Of Smoking Affected My Heart

## So I Had To Sit Up To Breathe.

## Dr. Miles' Heart Cure Cured Me.

There is nothing that has a more deleterious effect upon the cardiac or heart nerves than that excessive use of tobacco. The tenderness around the heart, an oppressive feeling in the chest, choking sensation in the throat, difficulty of breathing, and the list goes on and on. Many smokers and non-smokers suffer from it sit up in bed to breathe are the most common symptoms of a weak heart. The heart is easily affected by smoking, and who do not understand their meaning should be warned in time, by the following experience:

"I was greatly troubled with an affection of the heart, due I think to excessive smoking.

I was advised to give up smoking entirely, to begin a course of treatment which included Dr. Miles' Heart Cure. Dr. Miles' Miles' Heart Cure never failed him, either with bathing, etc. I faithfully followed the directions given and am pleased to say that my cure is complete and permanent.

Now I can use tobacco again, but I

was so nervous I could not keep my hands still and suffered greatly from severe pains around the heart. Many times at night I would be forced to sit up to breathe, unable to get my breath, and for the time being it would seem as though my heart had stopped.

### A SMASHING SEA YARN.

There is no story better than a good sea story. Such a one there is in the October McClure's by Colin McKay called "The Mate From Maine;" simply the story of how a consummate looking young fellow just out of the hospital, but already a famous mate, took the old "Eliza Mae," with her cargo of coal, and her leaks, and her cowardly master, from Delaware Breakwater safe into Halifax harbor. It is the last story in the number. Look it up and read it.

### ROBING THE GRAVE.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle brought decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at all drug stores.

Don't fail to register Tuesday next, October 6. That is the only chance you will have.

### "THE PROFESSOR'S LOVE STORY."

If love is a germ then every theatregoer should embrace the opportunity to see Harry Beresford in J. M. Barrie's most brilliant creation that of "The Professor's Love Story," in which the clever author never in any of his other works, "The Little Minister," "Admiral Creighton," and "The Sister of Jose," makes use of the little god Cupid's exclusive specialty, for in this play its writer makes an old man, a man of science, a recluse, fall in love. The workings of the germ with which he is infected will be most expressively portrayed by Beresford's pantomime action, through which the young comedian, as much as with the lines of the play, conveys the action of the theme.

### DIETING INVITES DISEASE.

To cure Dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes more liable to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat, and never failing to rid the body of indigestion, dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by J. W. Gayle.

**FRENCH LICK AND  
WEST BADEN SPRINGS**

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

This information was received from the hotel manager, who says there are many health resorts in the depths of the forest, where one can enjoy rambles in the woods, or walks, or drives among the numerous bridle paths and roadways, afford pleasure and amusement. The hotel and restaurant are excellent, and casinos one can have all the entertainment and social pleasures possible at the most fashionable resorts.

## ATTENTION.

To the Teachers of Franklin County:

The Fifth Semi-Annual Meeting of the Ashland District Educational Association will assemble at Owenton, Ky., October 16, 17, 1903. This body was organized in the city of Frankfort, October 25, 1901, and has been a success from the beginning.

We have a letter from President Williams, of Owenton, saying that his people are manifesting great interest in the meeting, and that he confidently believes this session will exceed all others.

Owen county teachers have attended in large numbers every meeting of the Association, and now hold the banner awarded at Georgetown in April for the largest attendance from any county.

Let's go down and bring that banner to Frankfort. What say you, teachers?

The lad of this neighborhood, who is accustomed to his high-jinksome ways, cannot seem to get along, looking very melancholy. All of your country cousins feel sorry for you, little Will; but they can't cry for laughing.

Mr. Seth Semones, of Polsgrove, has returned home for a short stay.

The Antioch Sunday-school will continue a while longer. The small crowd that attends seems to be in earnest, with their work. People, old and young, go to the Sunday-school instead of attending the base-ball and croquet, and prepare your souls for your future home.

Several people from Stony Creek went to Cincinnati a short time ago; they were there one half day. They say they saw all of the wonderful sights, and you know they do. They continued to have taken a bird's-eye view of the Art Museum and walked around Fountain Square once, and viewed the night owl in that length of time.

## MILK INSPECTOR.

Mr. B. F. Scherrells, of the Kentucky State College, came to this city yesterday and secured some tensile samples of milk furnished by the local dairymen. He examined the samples and took them back to Lexington to be analyzed. This is done under the law requiring pure foods and providing for inspection.

## ANCIENT TORTURE

How it has Been Revived in Modern Times.

An ancient method of poisoning criminals was to force them to swallow large quantities of bull's blood. Bull's blood is really no poison at all. Yet the prisoner usually died in agony. This was caused by the coagulation or hardening of the blood in the stomach.

The pressure of this solid mass on the heart, lungs and other vital organs almost always resulted fatally. That's just like indigestion. If your food doesn't digest it remains in a hard ball in your stomach. Gases are produced, which crowd and sometimes actually displace other organs. Many cases of supposed heart disease are due to indigestion. The pressure upon the lungs interferes with breathing. A disturbance affects the heart.

The time of some preparation is Kodol Dyspepsia Cure all this trouble is removed. Before food can be assimilated into the system it must be reduced to proper condition by the digestive fluids. If any of these fluids are absent or deficient, as is often the case, Kodol Dyspepsia Cure supplies the missing fluids. Stomach troubles can't be cured by dieting. The system demands both a sufficiency and a variety of food. You can't get what you want well though.

Kodol Dyspepsia Cure helps the stomach to take care of any kind of good food. It renders dieting unnecessary. It digests what you eat. In this way it rests the stomach. This rest soon removes the stomach trouble.

Kodol Dyspepsia Cure helps the children too. Weak and sickly little ones thrive on it. It never fails.

"During the last few years my stomach was in such condition that I couldn't retain the food I ate," writes one of our readers.

"Two months ago I commenced taking Kodol Dyspepsia Cure. A few bottles have cured me entirely. I can now eat and enjoy anything I want."

It contains exactly the same elements as Nature's digestive fluids and can't help but produce the same results.—David Taylor, Blind Ridge, Pa., writes:—"I have been afflicted for a number of years with dyspepsia and have tried various remedies without good results but was cured by one bottle of Kodol Dyspepsia Cure. I cannot say too much in its favor."

"THE BAR."

The saloon is sometimes called a bar. That's true.

A bar to heaven, a door to hell;

Whoever named it, named it well;

A bar to manliness and wealth;

A bar to honor, pride and fame;

A bar to hope, a bar to pray,

A bar of darkness and despair;

A bar to honored, useful life;

A bar to brawling, senseless strife;

A bar to all that's true and brave;

A bar to every drunkard's grave;

A bar to joys that home imparts;

A bar to tears, and aching hearts;

A bar to heaven, a door to hell;

Whoever named it, named it well.

### BERESFORD.

If love is a germ then every theorist should embrace the opportunity to see Harry Beresford in J. M. Barrie's most brilliant creation that of "The Professor's Love Story," in which the clever author more than in any of his other works (The Little Minister, Admiral Creighton and The Sister of Jose) makes use of the little god Cupid's exclusive specialty, for in this play its writer makes an old man, man of science, a recluse, fall in love.

The workings of the germ with which he is infected will be most expressively portrayed by Beresford's pantomime action through which the young comedian as much, as with the lines of the play, conveys the action of the theme.

Reception Gown of Primrose Gauze

A beautiful reception gown is of primrose gauze, cut decollete. A novel bodice trimming consists of graduated bands of black velvet ribbon, which also appear on the

elbow sleeves. Shirring, done to deep hip-yoke depth, which is now so popular, being especially effective on thin goods, adds much to the beauty of this gown, which beauty is further augmented by the use of Corticelli sewing silk in the same shade as the goods. The graduated bands of velvet on the skirt, corresponding with those on the waist, complete a most charming creation

### MR. READING'S OFFER.

Will Give a Personal Interview to any Person Desiring to Verify This.

A public-spirited citizen, one well-known throughout Frankfort, makes a generous offer here to give up any portion of his valuable time for the benefit of others. Read his statement.

W. T. Reading, dry-goods dealer, at 315 Broadway, and residing at 225 Elk Place, says: "I have the greatest faith in Doan's Kidney Pills, for my experience taught me that they are truly to their representation, and moreover, I have been plagued with backache, not sharp pains, but a dull aching all the time. I first noticed it over my hips, then by degrees it worked across the small of my back, the pain becoming more intense at times, so lame and sore that if I stooped or sat for a while I could hardly straighten. When I saw Doan's Kidney Pills advertised and especially recommended for my trouble, I got hold of J. W. Gayle's drug store. After using them a few days I noticed a marked improvement in my condition and in a short time I was cured. I will corroborate this statement at any time in a personal interview or letter, to any person desiring to do so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

It is a germ then every theorist should embrace the opportunity to see Harry Beresford in J. M. Barrie's most brilliant creation that of "The Professor's Love Story," in which the clever author more than in any of his other works (The Little Minister, Admiral Creighton and The Sister of Jose) makes use of the little god Cupid's exclusive specialty, for in this play its writer makes an old man, man of science, a recluse, fall in love.

The workings of the germ with which he is infected will be most expressively portrayed by Beresford's pantomime action through which the young comedian as much, as with the lines of the play, conveys the action of the theme.
